

❖ RT Flex Engine Operation & Simulator Training Program (3 days & 5 days Course)

- RT Flex Engine Training program, meticulously designed to cover essential topics for mastering the operation of the RT Flex Engine.
- Our program encompasses the following key modules:

1. Introduction of RT Flex Engine
2. Operation & Concept of RT Flex Engine
3. Mechanical & Hydraulic Components of RT Flex Engine
4. RT Flex Engine Simulator Training
5. Flex Control System WECS 9520
6. RT Flex Engine Flex View Operation
7. RT Flex Engine Troubleshooting
8. CLU 4 System & Technical Bulletin
9. RT Flex Engine Case Studies
10. Assessment & Evaluation

- ❖ Cost for 3 days course is Rs. 20000 + GST 18%
- ❖ Cost for 5 days course is Rs. 40000 + GST 18%
- ❖ For all the course mentioned above
- ❖ Online & Off Line Both available

For Bookings contact :

- Mr. DEVANAND - Mobile : 7010035459

❖ ME-C Engine Operation & Simulator Training Program (3 days & 5 days Course)

- ME-C Engine Training program, meticulously designed to cover crucial aspects of ME-C Engine operation.

- This program includes the following key modules:

1. Introduction of ME-C Engine
2. ME-C Engine Control System
3. ME-C Engine Hydraulic Power Supply
4. ME-C Engine Cylinder Unit
5. ME-C Engine Fuel System
6. ME-C Engine Exhaust System
7. ME-C Engine MOP Screen
8. ME-C Engine Multi-Purpose Controller
9. ME-C Engine PMI & CoCoS
10. ME-C Engine Simulator Training:
11. ME-C Engine Troubleshooting
12. ME-C Engine Case Studies
13. ME-C Technical Bulletin
14. Assessment & Evaluation

- ❖ Cost for 3 days course is Rs. 20000 + GST 18%
- ❖ Cost for 5 days course is Rs. 40000 + GST 18%
- ❖ For all the course mentioned above
- ❖ Online & Off Line Both available

For Bookings contact :

- **Mr. DEVANAND - Mobile : 7010035459**

❖ **ME-GI Engine Operation & Simulator Training Program (3 days & 5 days Course)**

- ME-GI Engine Training program, meticulously designed to cover vital aspects of ME-GI Engine operation.
- This program includes the following key modules:

1. Introduction of ME-GI Engine
2. ME-GI Engine Operation & Concept
3. ME-GI Engine Gas Components
4. ME-GI Engine Safety System
5. ME-GI Engine Start Pump Vaporizer Unit
6. ME-GI Engine Gas Alarms
7. ME-GI LNG Bunkering Operation
8. ME-GI Engine Simulator Training
10. ME-GI Engine Technical Bulletin
11. ME-GI Engine Case Studies
12. Assessment & Evaluation

- ❖ Cost for 3 days course is Rs. 20000 + GST 18%
- ❖ Cost for 5 days course is Rs. 40000 + GST 18%
- ❖ For all the course mentioned above
- ❖ Online & Off Line Both available
